

## Fatigue Management

This unit covers the skills and knowledge required to administer the implementation of fatigue management strategies during work operations in a defined workplace in accordance with national and state/ territory legislation and relevant regulations.

It includes monitoring the implementation of fatigue management strategies, recognising breaches of fatigue management policies, procedures and regulations, and developing and assessing staff competence in fatigue management.

It also includes providing feedback to staff on shortcomings in their fatigue management skills and knowledge, and reporting to management on the implementation of fatigue management policy.

As a Registered Training Organisation, The Barbaro Group (BG) offers training for the following nationally accredited Units of Competence:

- TLIF3063 - Administer the implementation of fatigue management strategies
- TLIF2010 - Apply fatigue management strategies

This training covers:

- Monitor the implementation of fatigue management strategies
- Recognise breaches of fatigue management policies, procedures and regulations
- Develop and assess staff competence in fatigue management
- Provide feedback to staff on shortcomings in fatigue management skills and knowledge
- Report on the implementation of fatigue management policy
- Identify and act on signs of fatigue
- Implement strategies to minimise fatigue

BG has teamed up with Beyond Midnight to deliver this training and it can be conducted at our venue, located at 463 Bushmead Road, Hazelmere. Alternately, we can mobilise to any location and conduct this training at our client's or third party's premises.

This training course consists of in class theory and then each participant is required to complete a Practical Workplace Application (PWA). The PWA is a mandatory part of the assessment process to be completed by each participant, in their workplace, in order to be issued with a Statement of Attainment for the training.
