

Vehicle Intercept

This unit describes the performance outcomes, skills and knowledge required to safely intercept vehicles and conduct compliance checks.

This unit applies to individuals in a road transport regulatory roles who are authorised under enabling legislation to stop vehicles to examine them or assess driver compliance. Our course can be customised to meet your operational and safety requirements. Vehicle and driver compliance relative to your operations are included in this course. The ability to communicate effectively, how to deal with conflict and maintain operational safety at all times are also key components of this training.

As an RTO, The Barbaro Group (BG) offers a one day training course aligned to either of the following nationally accredited Units of Competence:

PSPTRP001 - Intercept vehicles and inspect vehicle compliance

PSPTRP003 - Intercept vehicles and assess driver compliance

This training covers:

- Check and use compliance equipment
- Intercept vehicles
- Verify identity of drivers and/or responsible operators
- Inspect vehicles for roadworthiness
- Act on vehicle non-compliance

BG has the capability to deliver this training at our venue, located at 463 Bushmead Road, Hazelmere. Alternately, we can mobilise trainers to any suitable location and conduct this training at our client's premises.

This training course consists of in class theory followed by a written assessment. A practical component involves scenario training and an assessment of the application of theoretic principles.
