

## Towing

It doesn't matter if you are hooking up the caravan to head off on the adventure of a lifetime, towing a trailer for work purposes or just a tow trailer occasionally for recreational reasons- this course can be of benefit to you.

Barbaro Groups non accredited towing course is conducted over a period of about six hours and is aimed at enhancing the skills and knowledge of drivers so they can tow a trailer/ caravan/ horse float safely on the road and then manoeuvre it safely to park it up.

To enhance your knowledge of towing, we will cover the following:

- Types and configurations
- Legalities of towing
- Pre departure checks and connecting
- Loading and restraint of cargo
- Guidance and advice for towing and reversing

Our course commences with a classroom based presentation, at our training room located at 463 Bushmead Road, Hazelmere, to cover the theory associated with the towing task. Once completed, our instructor will review the practical components of the training and explain the exercises to be conducted.

BG conducts this course to meet demand, which usually equates to once per month. Courses are conducted on a Sunday.

Participants are welcome to bring their own vehicles and trailer/ caravan/ boat etc or alternately BG will provide a vehicle and trailer for use during the practical exercises.

Participants are welcome to swap drivers within their vehicle to share the experience.
